Please find below and/or attached an Office communication concerning this application or proceeding.

. Advisory Action	Application N .	Applicant(s)	
	09/450,680	MARUMO, MITSUJI	
	Examiner	Art Unit	
	Steven H. Rao	2814	MW
The MAILING DATE of this communication appears on the cover sheet with the correspondence address			
THE REPLY FILED 12 November 2003 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE. Therefore, further action by the applicant is required to avoid abandonment of this application. A proper reply to a final rejection under 37 CFR 1.113 may only be either: (1) a timely filed amendment which places the application in condition for allowance; (2) a timely filed Notice of Appeal (with appeal fee); or (3) a timely filed Request for Continued Examination (RCE) in compliance with 37 CFR 1.114.			
PERIOD FOR REPLY [check either a) or b)]			
 a)			
Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).			
1. A Notice of Appeal was filed on Appellant's Brief must be filed within the period set forth in 37 CFR 1.192(a), or any extension thereof (37 CFR 1.191(d)), to avoid dismissal of the appeal.			
2. The proposed amendment(s) will not be entered because:			
(a) X they raise new issues that would require further consideration and/or search (see NOTE below);			
(b) they raise the issue of new matter (see Note below);			
(c) \(\sum \) they are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or			
(d) $oxed{\boxtimes}$ they present additional claims without canceling a corresponding number of finally rejected claims.			
NOTE: See Continuation Sheet.			
3. Applicant's reply has overcome the following rejection(s):			
4. Newly proposed or amended claim(s) would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).			
5. The a) affidavit, b) exhibit, or c) request for reconsideration has been considered but does NOT place the application in condition for allowance because:			
6. The affidavit or exhibit will NOT be considered because it is not directed SOLELY to issues which were newly raised by the Examiner in the final rejection.			
7. For purposes of Appeal, the proposed amendment(s) a) will not be entered or b) will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.			
The status of the claim(s) is (or will be) as follows:			
Claim(s) allowed:			
Claim(s) objected to:			
Claim(s) rejected: 22-37.			
Claim(s) withdrawn from consideration:			
8. The drawing correction filed on is a) approved or b) disapproved by the Examiner.			
9. Note the attached Information Disclosure Statement(s)(PTO-1449) Paper No(s)			
10. Other:			

Continuation Sheet (PTOL-303) 09/450,680

Application No.

Continuation of 2. NOTE: Applicants' have added in independent claims (22 and 28) and therefore all pending claims, the limitations, "said pod being pressed against an electromagnetic-shiledded chamber ...which imports the substrate through an opening of said pod and process the substrate" at this stage (After Final) which will require a new search. Applicants' have added claims 38-40 which are method claims, method claims were restricted by the Examiner on 10/04/2001 and the Applicants' elected only apparatus claims on 03/22/2002 and all previous pending claims are apparatus claims, therefore Applicants' cannot add claims of a non-elected method group now.
